

Master of Science in Computer Science

Department of Electrical Engineering & Computer Science (ETI)

Introduction to International Students

- Overview Computer Science Master
- Examination Office
- Further Corona Regulations
- Contact

Study Environment

- The international Computer Science M.Sc. program provides theoretical and practical modules in small classroom settings.

Study Foci: The Master Program has two foci

- ***Embedded Systems (ES)*** includes for example
 - Cyberphysical Systems, Micro System Engineering and Ubiquitous Computing
- ***Visual Computing (VC)*** includes for example
 - Computer Vision, Computer Graphics and Machine Learning

The Master Program further comprises scientific seminars, project group work and the Master thesis

Career Perspective: ES & VC are essential for e.g. autonomous driving, health care & smart production

Research Opportunities

The Department of Electrical Engineering & Computer Science offers a large variety of research projects in different areas in which Computer Science Master students can get involved.

Major fields of research are:

- *Computational Sensorics*
- *Computer Vision*
- *Computer Graphics*
- *Data Communication*
- *Distributed Systems*
- *Embedded Systems*
- *Imaging Sensors*
- *Machine Learning*
- *Ubiquitous Computing*

Course Structure

- The 4-semester structure of the CS master

	1. Semester	2. Semester	3. Semester	4. Semester
5 ECTS	Core Modules	Project Group		Master Thesis (including defense)
5 ECTS				
5 ECTS	Specialization Modules	Core Module	Specialization Modules	
5 ECTS		Seminar		
5 ECTS		Specialization Modules		
5 ECTS				

- 4 core modules (5 CP each)
- 45 CP specialization courses (ES or VC)
- Project group of at least 4 students

- Core modules (5 CP each):
 - Courses taught in English:
 - Winter term: Algorithms I, Computer Architecture II, Embedded Systems, Parallel Computing
 - Summer term: Computer Graphics II, Logic II
 - Courses taught in German: Computer Networks II (summer), Software Engineering II (summer)
- Further course details see <http://www.master-cs.eti.uni-siegen.de/sites/www.master-cs.eti.uni-siegen.de/files/Dateianhaenge/modulliste-1909.pdf>

(see also
www.master-cs.eti.uni-siegen.de/en/first-semester-information)

- International freshmen have to enroll online
<https://www.uni-siegen.de/starting/registration/index.html.en>
- Lecture period in this winter term is Oct. 26th 2020 to Feb. 12th
- All CS courses will be offered in online mode
- General information to the CS master see
<http://www.master-cs.eti.uni-siegen.de/>
- Timely registration for your courses in UNISONO is crucial!
This is the only way for teachers to get in touch with you!
- UNISONO hints can be found here:
 - https://www.uni-siegen.de/phil/studium/studienorganisation/leitfaeden/enrolling_for_courses_in_unisono.pdf
 - <https://www.youtube.com/watch?v=zDIJMgpVkeE>

- Written exams for this winter term are be held in April (formally in the summer term), namely
 - Deep Learning
 - Embedded Control
 - Electrical and Electronic Engineering I
- Oral exams can be taken within the winter term
- Even at a distance: Stay in touch classmates
- Student representatives (FSR)
 - Telegram:
<https://t.me/joinchat/AOIQo0uJFdng99O3Xb1Ing>

German Courses

Das Sprachenzentrum

- [Essential information](#) related to exams, the examination office and the examination board
- Screen cast explaining
 - Essential information slides
 - Important aspects of the uniform regulations applying to all study programs

Courses in Times of Corona

- Please respect the fundamental rules the pandemic demands (distancing, wearing masks, washing hands)
- Please pay attention to the specific rules in the University's building (one-way stairs, single person elevator use, etc.)
- Stay in (digital) touch with your teachers!
This is how the University of Siegen is different from cousera/udemy, edX, etc.

Please stay updated via the University's Corona website
<https://www.uni-siegen.de/corona/index.html.en?lang=en>

- If you feel sick, stay home!
- If you are in Siegen and tested positive for Corona or there is a suspicion of infection, call the
+49 (0) 271/740-5555.
- Fear of an infection, problems during your studies, and social distancing can be difficult to deal with.
Psychological support for students:

Emine Selvi

Room: AR-SSC 0.19

Anna Elisabeth Schäfer

Room: AR-SSC 0.18
